**Dear Neighbor,**

**As you know, we are seeing an uptick of COVID-19 cases in Central Queens which includes parts of our district. This means that certain neighborhoods have been reporting test results for 7 consecutive days either surpassing or nearing a 3% positivity rate. Areas with the highest positivity rates within in each neighborhood are now being referred to as clusters and fall under the following categories with new restrictions, including school closures as well as limited capacity on gatherings and dining.**

Type of Activity	RED	ORANGE	YELLOW
Worship	25% capacity 10 people maximum	33% capacity 25 people maximum	50% capacity
Mass Gathering	Prohibited	10 people maximum, indoor and outdoor	25 people maximum, indoors and outdoors
Businesses	Only essential businesses open	Closing high-risk non-essential business (gyms, personal care, etc.)	Open

Dining	Takeout only	Outdoor dining only, 4 person maximum per table	Indoor and outdoor dining, 4 person maximum per table
Schools	CLOSED Remote-only		Open Mandatory weekly testing of students and teachers/staff for in-person settings. DOH will set percent by Friday.

**WEAR A MASK.**      **GET TESTED.**      **SAVE LIVES.**

If you are unsure about whether or not you live or work in one of these designated areas, you can plug in your address and verify [here](#). Please refer to the guidelines above.

Starting this week many schools will be closed including but not limited to, P.S. 219 Paul Klapper, John Bowne High School, Townsend Harris High School, The Queens College School for Math, Science and Technology, Robert F. Kennedy Community High School, Solomon Schechter School of Queens, and St. Nicholas of Tolentine Academy. The NYC Department of Education has informed us that distribution of Grab & Go meals will not be impacted by school closures. You can learn more about locations and hours [here](#).

The enforcement of these zones is already in effect and will remain in effect for a minimum of 14 days. The fine for violating mass gathering restrictions has been increased to \$15,000.

Below is a [map](#) showing the boundaries of each zone.

I will continue to keep an eye out on the daily numbers and share any updates to keep you informed. If you must go out, please wear a mask, practice physical distancing, and wash your hands as frequently as possible. To say the least, I know these changes are frustrating and a number of us are feeling pandemic fatigue. Many of us have been staying home as much as possible to keep our loved ones safe, but we are not out of the woods yet. We remember what it was like in the early months of March and April and we must continue taking precautions to ensure we do not regress.

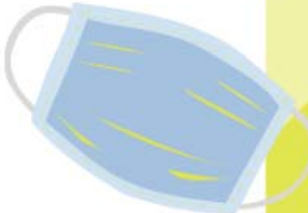

To ensure everyone has access to face masks and hand sanitizer, I will be hosting another giveaway Wednesday, October 14th at 2:00PM in Fresh Meadows. Supplies will be distributed first come, first served so be sure to stop by early!
